ABOUT US

JRD Construction Limited is a leading Bangladeshi building, infrastructure, and engineering company. We deliver vital projects across a range of sectors including power sector, roads and highways,

As a Bangladeshi regional contractor, we provide specialist design and build capabilities and are experienced at project management and integrating all aspects of a project.

With several years of experience in the construction and engineering sector, we are a trusted partner of central and local government and are used to working closely with our customers and supply chain to achieve outstanding results.

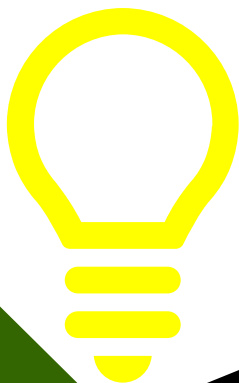

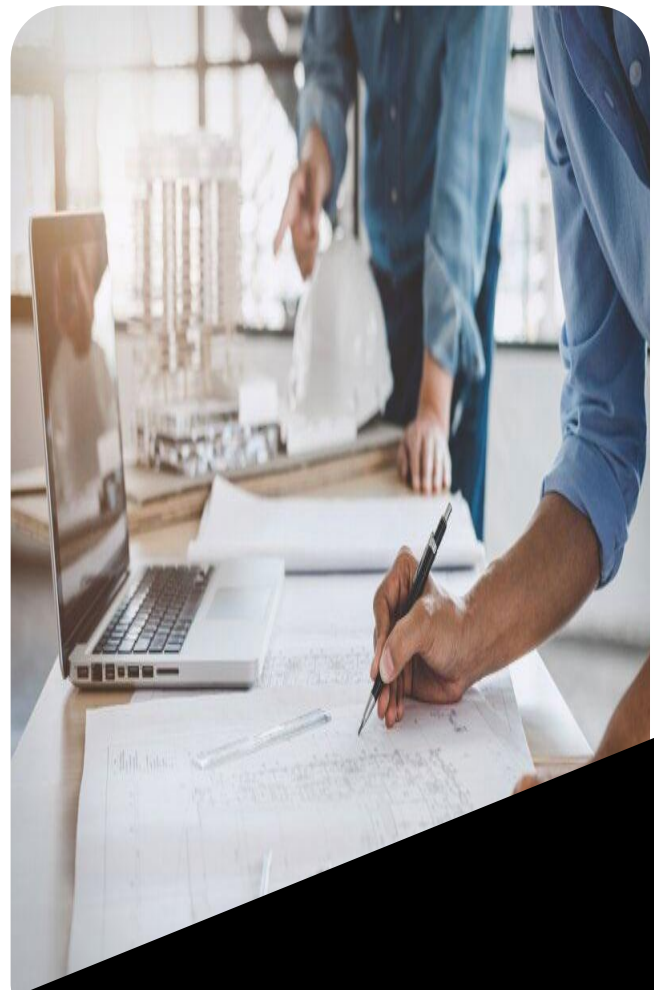

Since 2006, we have helped customer's complete more than 2000 projects all over the country.

OUR TEAM

We are a modern, progressive business with a strong leadership team and an effective governance framework in place. We help our customers deliver projects of purpose that create a lasting positive legacy.

JRD Construction Limited consists of hard working skilled employees led by Managing Director Md Jashim Uddin, CEO Mr Md Mostakim Ahmed Rafi and Chairman Mrs Lutfun Nessa Daisy. Our teams have expert

knowledge and required skills to ensure professional work for your next projects. While expertise enables delivery, partnerships ensure long-term success, which is why we align everything we do to our customers' goals.

OUR PROCESS

We aim to achieve your dreams by giving you the most reliable, qualified professionals to undertake all aspects of your next project. We're proud to provide an all in one service to our clients. We offer top quality construction services, no matter how big or small your job.. Team members perform their respective duties in accordance with a set planned schedule and budget. Headed by a

Project Manager responsible for directing all project activities, the Project Team is sustained during the project lifetime. All members of the Team, whilst responsible to the Project Manager for all matters related to the project, remain responsible to their Section and Department Heads for quality and conformity with design standards

MESSAGE FROM BOARD MEMBERS

Md Jashim Uddin
Managing Director

"Progress for me has never been a dream. It has always been a distant reality and once one milestone is achieved, there is always another one waiting to be crossed. It is with this belief that I started this company by the name JRD Construction in 2006, a company that was in the business of hardware and accessories. I always wanted to push my company to more prosperous milestone with its quality and competitively priced services. Taking a path less traveled, I expanded JRD Construction into a powerful competitor in the field of

real estate and power sectors providing construction solutions, supply of electrical equipment and building infrastructure covering also the roads and highway sector, a highly sensitive business that requires a high amount of technical know-how, expertise and specialized knowledge

The journey of JRD is never ending. But with the support of my brilliant teams and clients. I am confident that the company will continue to scale milestones of excellence for years to come. "

Lutfun Nessa Daisy
Chairman

"Despite outbreak of the pandemic which hindered growth of the economy, we remain optimistic that this is the decade of opportunities especially for Bangladesh. We will keep working for our country and for our people."

Md Mostakim Ahmed Rafi
CEO

"Our company's success stems from our reliance on both experience and knowledge. From its beginnings as a hardware and accessories services provider, the company has expanded methodically into a source of fully integrated real-estate & construction group which people can rely on."

OUR SERVICES

JRD Construction Limited provides the following services in various parts of Bangladesh. We have provided our services to Government, Semi-Government as well as private sectors.

**Civil Construction

OUR MISSION

Our mission is to aim for complete client satisfaction, by delivering all construction projects within budget, time scale and to the highest of standards.

OUR VISION

Be the world's premier engineering, construction and project management organization by achieving extraordinary results for our customers, building satisfying careers for our people, and earning a fair return on the values we deliver.

OUR VALUES

Ethics : We are uncompromising in our integrity, honesty, and fairness.

Safety & Health : We are relentless in keeping people safe from harm, and we provide a healthy work environment.

Quality : We are passionate about excellence and doing our work right the first time. Our reputation depends on our delivered value in the eyes of every customer and community.

People : We inspire each other with important work full of purpose, challenging development opportunities, and rewarding careers. We aspire to be the employer of choice in our industry.

Culture : We actively build a diverse, inclusive, and collaborative work environment where all views are welcomed, openness is

encouraged, and teamwork and merit are cornerstones. We are proud of what we do and how we do it—and we enjoy doing it!

Relationships : We build positive, long-term relationships with our customers, joint-venture partners, subcontractors, suppliers, and colleagues that are built on trust, respect, and collaboration.

Innovation : We develop and apply world-class technology. We listen, learn, and seek out the best ideas. We attack complacency and continually improve.

Sustainability : We improve the quality of life in communities where we work by respecting local cultures, engaging local people, and protecting the environment.

COVENANTS

Wherever we go and whatever we do, we:

Demonstrate Integrity :
Exercise the highest level of professional and ethical behavior.

Are Respectful : Treat people with respect and dignity. Listen actively. Communicate in a timely and forthright manner. Never undermine colleagues.

Collaborate : Ask for and welcome help; offer and give it freely. Mutually resolve ambiguity and conflict.

Build Trust : Make commitments responsibly and always keep our word. Be candid while building shared understanding.

Deliver : Set high aspirations, plan responsibly, and honor all commitments.

Learn It, Do It, Share It : Be curious. Seek, share, and build upon experiences and lessons learned.

Live Our Culture : Embrace, embody, and actively contribute to our Vision, Values & Covenants. Nurture a proud legacy.

Letter of Authorization

October 16, 2020

To: Power Grid Company of Bangladesh (PGCB)

Reference: INVITATION TO BID NO.: 27.21.0000.407.07.002.20.1229

Regarding the supply and construction of 400 KV, 230 KV, 132 KV & 33 KV Surge Arrester for different grid substations under Transmission -1 & 2

HUBBELL POWER SYSTEMS, INC., ("HPS"), a corporation established and existing under the laws of the United States, manufactures and produces a wide variety of products used by electric utilities, including those under the following brands: Anderson™, Chance®, Delmar®, Electro Composites™, Fargo®, Hubbell®, Ohio Brass®, Opti-Loop™, PCORE®, Reuel™, RFL®, Trinetics®, Turner Electric® and USCO™ ("HPS Products").

In connection with the referenced Bid Number above, HPS confirms by this letter that the following EPC Contractor is an authorized reseller of HPS products:

JRD CONSTRUCTION
("EPC Contractor")
HOUSE NO -29/31
FLAT NO - 5C
AFTABNAGAR, BANGLADESH, 1212

HPS has agreed to offer the HPS Products for Bid No.: 27.21.0000.407.07.002.20.1229 for purchase by the authorized EPC Contractor for resale to their customers, including Power Grid Company of Bangladesh (PGCB) of Bangladesh. HPS further confirms that the EPC Contractor can, at its own discretion, enter into contracts in its own name without any binding conditions or commitments on Hubbell Power Systems, Inc.

Such purchases shall be governed by HPS current standard Terms and Conditions of Sales, including the warranty stated therein, which can be found at <https://www.hubbell.com/hubbellpowersystems/en/terms-and-conditions/terms-hps>.

This Letter of Authorization is valid until the expiration date stated on our Quotation # 32472932.

Tender proposal ID: 484863

To
 The Executive Engineer (Procurement)
 PGCB
 PGCB Bhaban, Avenue-3,
 Jahurul Islam City, Aftabnagar,
 Dhaka-1212.

WHEREAS

We, ABB AB, High Voltage Products, Surge Arresters are reputable manufacturers of Surge Arresters having factories at Ludvika, Sweden.

We do hereby:

- (a) Authorize **JRD Construction, Radiant Bhuyan kanoon, House-40, Road-3, Aftabnagar, Badda, Dhaka-1212, Bangladesh through RAACH SOLAR, Sandgrubenweg 1 88453 Erolzheim, Germany** to submit a Bid in response to the Invitation for Bids indicated above. The purpose of such Bid is to provide the following Products: **High Voltage Surge Arrester**, manufactured by us, and to subsequently negotiate and sign the Contract with PGCB for the supply of such Products in their own name.
AND
- (b) Confirm that we are entering into a Sub-Contract with the Bidder to deliver the Products to PGCB in accordance with the terms and conditions defined in the Sub-Contract.
AND
- (c) Extend our full warranty in accordance with **Clause 27 of the Contract**, with respect to the Products offered in the Bid provided that our obligations or liabilities hereunder shall not be greater than the warranty obligations and liabilities we have to **JRD Construction, Radiant Bhuyan kanoon, House-40, Road-3, Aftabnagar, Badda, Dhaka-1212, Bangladesh through RAACH SOLAR, Sandgrubenweg 1 88453 Erolzheim, Germany** under the Sub-Contract.

This Manufacturer's Authorization shall be interpreted in accordance with the *governing law of the Contract*, however under the exclusion of its conflict of law rules and the United Nations Convention on International Sale of Goods.

QUALITY ASSURANCE

The company engages in utilization of high-grade raw materials and modern machineries, Galvanizing plant and ETP plant in compliance with the set industry norms and guidelines. This ensures the product's strength, capacity and service life. Further, the offered service is always monitored in order to eliminate all manufacturing defects, with high level of precision.

CORPORATE SOCIAL RESPONSIBILITIES

The corporate response has often meant an adoption of “a new consciousness” what has now become known as Corporate Social Responsibility. It is about how businesses align their values and behavior with the expectations and needs of stakeholders not just customers and investors, but also employees, supplier's communities, regulators, special interest groups.

Company shares it's responsibility in education, poverty alleviation for the distressed, philanthropy activities and other welfare activities.

CHILD LABOR

JRD Construction Ltd is totally against Child labor. They should be taken care of by us all and not to push them to work before being adult. Our company exclusively abides by the rules and regulations of the government of the people's republic of Bangladesh. We proudly announce that there is no employee in JRD Construction Ltd below the age of 18 Yrs.

ENVIRONMENTAL POLICY

As responsible organization and citizens we recognize the critical and fragile nature of the environment we have inherited and in turn will pass on to the next generation. We acknowledge the significant way that the civil engineering aspects of wind farms can affect the physical nature of the landscape, the air quality and the quality of the rivers and streams emanating from the mountain top locations and the responsibilities that it places on us. It has taken all of time to create the environment we enjoy and we must work sympathetically to ensure our works have minimal effect on the delicate infrastructure which exists.

OHSE Policy:

1. JRD Construction LTD Safety & Controls Department monitors and supports all our projects sites.
2. We effectively implement a Standardized Project Safety Program Structure throughout all our Projects.
3. We follow ISO 14001 Environmental Management Systems.
4. Our existing projects worked a total of 1.6 Million Man-hours without a Lost Time Accident.
